## FUTSAL CLINIC

The Tolland Recreation Department in conjunction with CAB Sports is running Futsal Clinics this Fall/Winter. Futsal is a sport that is widely popular in South America, and Europe. It is traditionally played as a 5 v. 5, with goalies on a basketball court. Futsal is played with a smaller, low bounce ball and encourages a great touch on the ball, good footwork, and dribbling past a defender. It is gaining popularity in America because many famous players have praised Futsal for developing their playing style. Players such as Lionel Messi, Neymar, and Cristiano Ronaldo. Futsal is one of the fastest growing sports worldwide. The United States is now developing a league which will begin soon. What does a session look like? Every session is broken down into 3 parts; Technical Training, Tactical Training and Game/ Skill Application. Players will engage in game or modified game in order to apply both technical and tactical skills. This is the player's favorite part of the clinic and where they are really encouraged to show the skills they have learned.

## Tolland's Commission on People with Disabilities

### Did You Know?

The goal of the Tolland Commission on People with Disabilities is to provide information, education, and advocacy for the entire community by embracing the contributions of its citizens with disabilities, and to create a more inclusive Tolland. The Commission researches and advises the Town Council on issues relevant to our citizens with disabilities.

### The Commission will:

- Offer support for legislative initiatives that promote equality and accessibility for people with disabilities
- Invite speakers from both the public and private sector to discuss topics of concern to the disability community;
- Explore additional state, federal, and grant funding resources;
- Analyze the services for persons with disabilities provided by the community,

both by public and private agencies, and make recommendations to the Town Council regarding their findings.

Remember – when you make something accessible for a person with a disability, you make it accessible for **EVERYONE**.

Do you have suggestions on how to make Tolland more inclusive and improve the lives of people with disabilities in our town? We would love to hear from YOU! # Planning & Development

## Building Department

860-871-3601

<https://www.tolland.org/building-department>

Did you know that many permits can be applied and paid for online? Visit the Building Department webpage and click the 'Forms & Permits' button to start your application. Having proper permits will not only guarantee the work is approved and inspected, but will benefit you if you decide to sell your home. Did you know that homeowner's insurance claims may be denied due to unpermitted home improvements? Our office staff is happy to answer any questions you may have on the permit process.

While you're on the Building Dept. page, check out our 'Permit Requirements by Project Type' page. Here, you'll find a wealth of information tailored to assist you with various home improvement projects. Our resources cover topics such as: generators, heating stoves, and roofing.

As we approach the cooler months, it's essential to prepare our homes for the winter season. If you're considering installing a wood stove, pellet stove, or insert to keep warm, please note that a building permit is required. Here's why this is important:

A building permit ensures that the installation of your stove or insert meets safety standards and local building codes. This includes proper ventilation and clearance requirements to prevent fire hazards and ensure efficient operation. Additionally, a permitted installation typically requires the installation of smoke and carbon monoxide detectors, crucial for the safety of your household.

Speaking of detectors, it's a good practice to change the batteries in your smoke detectors when you change your clocks for daylight saving time. This simple step ensures that your detectors are functioning properly and ready to alert you in case of smoke or fire.

Whether you're applying for permits, seeking guidance on regulations, or have general inquiries, we are pleased to offer our support. Office hours: Monday-Wednesday 8:00am-4:30pm, Thursday 8:00am-7:30pm.

# Fire Department/Public Safety

## Is Your Street Number Visible from the Road?

Residents and Business Owners are asked to please check their street address numbers. Can they be seen from the road? Are they faded, too small, overgrown or missing? If so, please update your numbers so that they are visible from both directions. The Fire Department offers blue reflective street address signs for \$16. The signs measure 6" wide and 18" long, your house numbers are placed on both sides. Both the numbers and the blue coating are reflective. These signs will make your address easier to find. They also make great gifts! For an order form please visit [www.tollandfire.org](http://www.tollandfire.org), click the Forms button on the left

## Help Us Help You!

Tolland Fire Department is currently seeking additional Emergency Medical Technicians (EMTs) to join our volunteer ranks. If you currently hold an EMT license or would like to train to become an EMT please consider volunteering for your community.

- We have a flexible duty schedule in which volunteer EMTs can sign-up for night or weekend shifts. This program allows EMTs to fit volunteering into their personal schedules.
- With the increased emergency call volume we risk burning out our core membership. If we could recruit a few more people to assist us we can lighten the load of our members, possibly holding onto to these well-trained EMTs and extend their years of service to the community.
- Additions to the Town's population both residential and commercial over the past years have affected our membership as well. Members have moved away from volunteering for a variety of reasons such as work and family obligations. Bottom line is we need additional volunteer EMTs to keep delivering our high-level of service. We need to plan for Tolland's future, now.
- Volunteer EMTs often reflect on their service to their neighbors and community as a personally fulfilling and extremely rewarding experience.

We would like to thank all of our past and present members, both career and volunteer, because together they have created a foundation that we continue to build on. We miss those who have moved on and look forward to meeting new people who will help shape our future.

If you reside in Tolland and are interested in becoming a volunteer EMT please visit the Department's website [www.tollandfire.org](http://www.tollandfire.org), click the "join us" button on the left side of the page or stop by the Training Center, located at 191 Merrow Road, during the day or on Monday nights when training is in session.

## STATE LAW: Move Over or Slow Down for Stopped Emergency Vehicles

Drivers are reminded that they must move over one lane and slow down if they see emergency vehicles and tow trucks stopped on the shoulder of a highway with their lights

flashing. If all lanes are full and drivers can't move over, they are required to slow down as they pass the scene. Connecticut passed its Move Over law in 2009, fines for breaking the law start at \$181.

<b>MOVE OVER OR SLOW DOWN FOR STOPPED EMERGENCY VEHICLES</b>

## Scam Alert – Do Not Click the Link!

Just a reminder that Tolland Fire Department does not solicit donations via phone or email. If you receive an unsolicited phone call, text message or email, DO NOT engage with the caller and DO NOT click any links!

We ask residents to be vigilant and be on the lookout for all types of scams. Scammers can be extremely convincing and play on people's emotions, thus compelling you to give them your information. If you did not initiate the interaction, a good course of practice is to never reveal any personally identifiable information, bank or credit card numbers. Always complete your due diligence before revealing your information to anyone. Being diligent will help to keep your private information private!

## Tolland Fire Department Explorer Post Seeks Members

The Tolland Fire Department Explorer Post is a program for young residents, ages 14 to 17, who are interested in learning about Fire/Medical Emergency Services. They meet twice a month to learn about the fire service, participate in hands-on drills and gain an understanding of what it takes to become a Firefighter/EMT. Sanctioned by the Boy Scouts of America, this group is looking for additional members. If you are interested in learning more about this unique opportunity, please email Post Advisors [naudette@tollandct.gov](mailto:naudette@tollandct.gov) or [jmeyer@tollandct.gov](mailto:jmeyer@tollandct.gov).

## Smoke Alarm Sense

Install and maintain smoke alarms on EVERY level of your home, outside each sleeping area and inside each bedroom. For the best protection, interconnect the alarms. When one sounds, they all sound. TEST all smoke alarms MONTHLY.

## Replacing your smoke alarms:

- Replace all smoke alarms when they are 10 years old or sooner depending on the manufacturer's recommendation. To determine the age of your smoke alarm, look at the back where you will find the date of manufacture. Research the brand and model number to determine when the unit should be replaced.
- Immediately replace any smoke alarm that does not respond properly when tested.
- Test alarms monthly and be certain to install fresh batteries if indicated.

## CARBON MONOXIDE

Often called the invisible killer, carbon monoxide is an odorless, colorless gas created when fuels (such as gasoline, wood, coal, natural gas, propane, oil, and methane) burn incompletely. In the home, heating and cooking equipment that burn fuel are potential sources of carbon monoxide. Vehicles or generators running in an attached garage can also produce dangerous levels of carbon monoxide.

### Facts & figures

- The dangers of CO exposure depend on a number of variables, including the victim's health and activity level. Infants, pregnant women, and people with physical conditions that limit their body's ability to use oxygen (i.e. emphysema, asthma, heart disease) can be more severely affected by lower concentrations of CO than healthy adults would be.
- A person can be poisoned by a small amount of CO over a longer period of time or by a large amount of CO over a shorter amount of time.
- CO enters the body through breathing. CO poisoning can be confused with flu symptoms, food poisoning and other illnesses. Some symptoms include shortness of breath, nausea, dizziness, light headedness or headaches. High levels of CO can be fatal, causing death within minutes.
- **At a minimum, industry experts recommend a CO alarm be installed on each level of the home--ideally on any level with fuel burning appliances and outside of sleeping areas.** Additional CO alarms are recommended 5-20 feet from sources of CO such as a furnace, water heater or fireplace. Alarms can alert you to problems only after smoke or carbon monoxide reach their sensors. Choose locations free of obstructions, where the alarm will stay clean and protected from adverse environmental conditions. Do not place the unit in dead air spaces or next to a window or door.
- If your CO alarm sounds, immediately evacuate all occupants and pets from your home and **call 9-1-1!**

## IS YOUR DOG IDENTIFIABLE?

Did you know that your dog's town-issued license tag aids local Animal Control officers in returning your dog to you should they run loose? Their license tag, often paired with a rabies vaccination tag, provides valuable information which is helpful in reuniting you with your pet should they become lost. One of the best ways you can protect your dog is to be certain your contact information is up-to-date.

Outside of being required by State law, annual dog licensing also provides an opportunity to update your contact information with the Town Clerk's Office. Not only is securely attaching your dog's license to their collar or harness required by the State, it aids in reuniting lost pets with their owners. Dog licenses are available, beginning June

# Fire Department/Public Safety

1st of each year, in the Town Clerk's office during regular business hours.

While not a substitute for annual licensing, you may want to consider having your dog microchipped as an additional way to identify them. Microchips, which are commonly used for both dogs and cats, are often inserted when pets are very young. However microchips can be implanted at any age, after consultation with your veterinarian. Regardless of the age of your pet, the most important part about microchipping is to be certain the contact information is periodically updated.

If you adopted your pet through a rescue, they may have already been microchipped. If so, the microchip registration would be listed with the rescue's information and need to be changed. If you were not provided instructions on how to update the contact information associated with the microchip number, or you are unsure if your pet is microchipped, try contacting the rescue where you obtained your pet, or speak to your veterinarian. Making sure the microchip's information is up-to-date will speed up the reunification process should you become separated from your pet.

As dog owners we want the very best for the furry members of our family. You never know what may happen, and there is always the chance of your pet getting lost. Ensuring that they can be quickly identified should they become lost, is one of the best ways we can care for them.

## DELINQUENT DOG LICENSES

Each year on August 1st, Animal Control officers are notified by the Town Clerk of any previously licensed dogs, whose licenses have not been renewed. Owners on this Dog License Delinquency List are urged to obtain a new license immediately to avoid being issued an infraction ticket.

There are several options to renew: By mail, On-line or In-person. Visit the Town Clerk's webpage [www.tollandct.gov/town-clerk/pages/dog-licenses](http://www.tollandct.gov/town-clerk/pages/dog-licenses) for details.

After June 30th a late fee of \$1 per month is assessed upon renewal. Additionally, failure to comply with Connecticut State statute §22-338 (i.e. failure to license) will result in an infraction ticket which carries a \$75 penalty for each unlicensed dog. Beginning September 1st, 2024, Animal Control officers will issue infractions tickets to owners who are not in compliance with this State Statute. Note: Overdue fees and infraction fees are set by the State of Connecticut.

If you have any questions regarding licensing, please contact our office at 860-871-3676. If you had a dog licensed in 2023 and no longer own that dog, please contact the Town Clerk's Office 860-871-3630 or email [animalcontrol@tollandct.gov](mailto:animalcontrol@tollandct.gov) to remove that dog from the listing. Be sure to include your name, address, phone number and pet's name in your email. Thank you for your cooperation in this matter.
